## AGRI BUSINESS

September 12-15-2024  
Kathmandu, Nepal

Asia's Premier Food, Hospitality & Agri Business Magazine

Special issue

Profood/Propack 2024 Exhibition, organised by the Sri Lanka Food Processors Association (SLFPA) together with Lanka Exhibition and Conference Services (LECS) will be held for the 21st Edition from 23-25 August 2024 at BMICH, Colombo, Sri Lanka.

SLFPA's commitment to foster Food Industry advancement and drive economic growth in Sri Lanka through this Exhibition is well known over the years. The event acts as the catalyst in bringing together Food Industry leaders, multiple stakeholders, and decision makers in agri based businesses, food processing industries, packaging and all service providers to the food industry.

Commenting on the event, Vasantha Chandrapala, Chairman of the Organizing Committee of Profood/Propack 2024, noted that the "upcoming Exhibition promises to be an exceptional gathering of industry leaders and Innovators and Food Science Graduates. Our commitment remains unwavering in facilitating knowledge exchange, showcasing technological innovations, and facilitating strategic partnerships within the sector. We are dedicated to delivering an event that exceeds expectations and propels the industry towards greater heights, comparable with International Food Shows."

As we approach the 21st successive year of this vibrant exhibition, we recognise its pivotal role in driving

**International Processed Food, Beverage, Packaging & Agricultural Exhibition**  
August 23- 25, 2024  
BMICH, Colombo, Sri Lanka

### Igniting Innovation & Growth in Sri Lanka's Food Processing Industry

growth and sustainability within the Agri and Food sectors. The platform serves as a catalyst for professionals to explore cutting-edge technologies, showcase innovative products and processors and enhance competitiveness on a global scale, remarked Thusith Wijesinghe, President of the Sri Lanka Food Processors Association.

The exhibition offers numerous opportunities for Small and Medium Enterprises (SMEs) to display and promote their products. SMEs play a vital role in the industry's growth, and this event enables them to gain exposure, build relationships, and explore potential collaborations with key stakeholders. It will feature a wide range of products, services, and innovations related to agriculture, processed food & beverage and packaging.

Exhibiting at the Profood/Propack 2024 offers unparalleled opportunities to SMEs to expand their reach, enhance brand visibility, and forge strategic partnerships by engaging with key stakeholders and accessing a pool of buyers and investors.

The Profood Propack expo welcomes participants from all allied industries and the public. Buyers of Supermarkets, Hotels and Catering institutions and Exporters are welcome. The expo is proudly endorsed and supported by the Ministry of Industries, the National Agribusiness Council, and the Institute of Food Science and Technology Sri Lanka.

## The Hall Mark Event for Culinary and Hospitality Excellence 23-25 September in Maldives

The highly anticipated Food and Hospitality Asia Maldives (FHA Maldives) is set to take place from September 23-25 at Dharubaaruge, Malé, Maldives. This year's event promises to be more vibrant and engaging than ever before.

FHA Maldives has established a strong connection with the tourism and hospitality industry, drawing a significant number of tourists from around the world. It is renowned as the only World Association of Chefs' Societies (WACS) Continental Culinary Competition in South Asia, backed by the prestigious National Chefs Associations: The Chefs Guild of Maldives (CGM) and The Chefs Guild of Lanka (CGL). Trade Associations in the hospitality sector use FHA Maldives as a premier venue to showcase their latest products, services, and innovations. It serves as a dynamic platform for fostering communication between exhibitors and customers, facilitating growth in the service sectors, and encouraging economic diversification.

Exhibitors at FHA Maldives have the exceptional opportunity to present their newest offerings to a diverse audience of business professionals and decision-makers. This exposure helps increase visibility, attract new customers, and expand market reach. Additionally, FHA Maldives promotes networking and collaboration, enabling exhibitors to forge meaningful alliances and explore new business opportunities.

Beyond its role in driving economic growth, FHA Maldives plays a crucial part in fostering innovation within the hospitality industry. Exhibitors aim to showcase their most cutting-edge products and services, elevating industry standards for quality and service. FHA Maldives also offers a forum for professional development and knowledge sharing through seminars, workshops, and networking events, helping industry professionals stay at the forefront of their field.

The highlight of FHA Maldives 2024 is the International Culinary Challenge, a prestigious competition endorsed by WACS. This event, known as "Chefs Struggling for Prizes," attracts hundreds of chefs from over 100 resorts, hotels, and restaurants in the Maldives and surrounding regions. It serves as a vital platform for chefs to demonstrate their skills and receive feedback from an internationally renowned panel of judges. This year, the competition boasts a star-studded

and Mocktail Sponsor: Euro Marketing (Pvt) Ltd., whose involvement brings an exciting flavor to the event.

Housekeeping & Bed Decorating Competition: Bed and Mattress by Huxberry Trading LLC Detergent and Cleaning by Pestex Maldives (Pvt) Ltd. Linen by Celcius Solutions (Pvt) Ltd.

These sponsors play a crucial role in elevating the standards of FHA Maldives, and their contributions are

judges' lineup featuring Chef Thomas Gugler, President of WACS, alongside esteemed chefs such as Gerard Mendis, Uwe Micheel, Rick Stephens, Manjit Gill, Marco Bruschweiler, Dimuthu Kumarasinghe, and Ishaq Solih. Dhivehi Expo (Pvt) Ltd, the organiser of the event once again proves their dedication and expertise in managing such a grand event ensuring its continued success and growth. Lily International, the Title Sponsor, have been instrumental in making FHA Maldives a cornerstone event in the culinary and hospitality calendar raising profile of Maldivian Tourism. This year's event is also proudly sponsored by: Platinum Sponsor for Culinary Challenge: Nestle Lanka PLC, whose support enriches the culinary competition, driving innovation and excellence. Barista

deeply appreciated. With over 120 stalls at the exhibition, over 600 culinary entries, and more than 100 international exhibitors, FHA Maldives 2024 is set to break records in participation and culinary excellence. Everyone is invited to witness and be a part of this extraordinary showcase of culinary and hospitality brilliance.

**16th EDITION**  
Kerala's Premier Exhibition for Food, Processing & Packaging Sector

**FoodTech KERALA**

**7 8 9**  
**MAY 2025**  
CIAL Exhibition Centre  
Cochin, India

Food Processing Technology | Post Harvest Technology | Packaging Equipments & Materials | Food & Beverages

[www.foodtechkerala.com](http://www.foodtechkerala.com)

**FoodTech Kerala**, South India's premier food processing and packaging expo, will be held for the 16th edition at CIAL Exhibition Centre, Cochin, India from May 7-9, 2025. FoodTech Kerala will be a 3-day exposition and will provide an interface for the manufacturers of food processing machineries, packaging equipment as well as suppliers of ingredients and flavours for the small and big food processing units in the state.

Exhibitors both National & International brands will showcase their products and services at the 2025 edition. It is a 'must not miss' event for all organizations involved in food processing and packaging sector to showcase their products and services.

The event is endorsed and supported by K-BIP, NABARD, NSIC, KAU & Norka-Roots. The key highlight of the event will be B2B Meet with International buyers from SAARC Region with the exhibitors.

The expo will also feature an Industrial Pavilion featuring 20 SME units from the state which is sponsored by the K-BIP, Department of Industries, Govt of

Kerala. The presence of food processing and packaging equipment suppliers, along with the buyers and food processors will give a new dimension to the expo bringing the local buyers and national suppliers together in a single platform.

The three-day event will showcase a broad spectrum of technologies, equipments, solutions for food processing, beverage, food retailing, refrigeration and cold chain, processed foods, hygienic and healthy foods and packaging. Being Kerala's only food and beverage and packaging event, FoodTech is expected to attract all stakeholders from the retail and wholesale food and beverage service sectors.

The event which has been witnessing an evolutionary increase over the past

editions, will be held under the theme "from the farm to the fork" denoting the entire chain of the food industry which includes the inception of food which mainly revolves around farms, to the process and finally, food on the table of the consumer.

The exhibition will feature all facets of the food and beverage industry and will include intricate details and the meticulous process that is required, for food products in order to make them available to the consumer. The exhibition will have a wide arena of categories. In recent years, a major push has been seen in the food industry especially in the small scale units and home bakers in Kerala. "Food Processing Industry has made a major headway all over Kerala, with the Ernakulam district only having many food based

units, employing more than 55,000 people. The food processing industry in the district has various products including spices, fish and meat, oil and extracts and ready-to-eat products.

The show will be an ideal opportunity for NRI-Returnees to set up food and bakery units to target the growing Food sector in Kerala. The state has a fairly strong base of food processing industries. This sector plays a major role in the economic development of this region and various studies reveal that its contribution to the total output, value additions and employment generation have been regularly increasing during the recent years.

FoodTech Kerala 2025 is organised by Kochi based Cruz Expos. The company have been regularly organising the FoodTech series of B2B trade expos in the state since the past 15 years. Cruz Expos, in a short span of 15 years, has become one of South India's foremost professional exhibition organiser in the B2B segment.

# HotelTech<sup>TM</sup>

KERALA

Kerala's Premier Exhibition for Hospitality Sector

The 15th Edition of Kerala's Premier Hospitality Exhibition—HotelTech Kerala will be held from 7th to 9th May 2025 at the CIAL Exhibition Centre, Cochin, India

The event will provide a unique opportunity for the hospitality sector in the state to identify suppliers related to their sector. The show will also facilitate and provide both national and international manufacturers an opportunity to meet with hoteliers, Chefs, restaurant and resort owners from all over the State of Kerala.

The event is endorsed and supported by Kerala Tourism, SICAKerala Chapter, Association of Approved Hotel Associations of Kerala, Kerala Professional Housekeepers Association, HPMF-Kerala Chapter, SKHF and DTPC.

The Concurrent events being held will be the Kerala Culinary Challenge and Housekeepers Challenge which will take place on the first two days of the expo. Besides the presence of Horeca sector suppliers, Chefs & Housekeepers gave a new dimension to the expo bringing the local

buyers and national suppliers together in a single platform.

The expo will showcase the following sectors—hotel supplies, hospitality and technology, equipments for hotels and restaurants, cleaning equipment & services, hospitality information systems and other services.

The 2024 edition of HotelTech Kerala was recognized as one of the largest HORECA related exhibition ever held in the State.

### CONCURRENT EVENTS

The three day exhibition will be held with concurrent events including:

- \* Housekeepers Challenge Kerala 2025
- \* Kerala Culinary Challenge 2025

Housekeepers Challenge Kerala (HKC) will be presented for the 7th Edition and is endorsed and supported by Kerala Professional Housekeeper's Association (KPHA). All Housekeeping Staff from Hotels/Resorts across the State will be invited to take part in this prestigious event and vie for top honours. There will

be 6 events that each earn Gold, Silver & Bronze Medals, besides other prizes.

The categories for the HKC 2025 are:

- Mop Race
- Vacuum Cleaner Race
- Bed Making Skills Competition
- Towel Art Competition
- Honeymoon Bed Arrangement
- Waste Materials Display

The prime objective of this Housekeeping Challenge was to establish a professional platform where housekeeping professionals across Kerala can display the individual and collective skills, creativity, learn and share experience partner and network in a purely competitive and business like environment.

The Horeca sector plays a major role in the economic development of the State and various studies reveal that its contribution to the total output, value additions and employment generation have been regularly increasing during the recent years.

Hospitality Sector in Kerala especially in South Kerala & Kumarakom region are experiencing a good inflow of domestic tourists. The HotelTech Kerala was a good sourcing platform for these resorts and hotels for refurbishing their properties.

The post event evaluation has revealed a strong positive desire by the exhibitors

and the participants to be engaged in future editions as well. It was also mentioned about the increase in small and medium scale enterprises and the latest innovative products they have to offer.

### Exhibitor Profile:

Bar/Coffee Equipment & Supplies, Tableware & Accessories, Furnishing & Linen Supplies, Commercial Kitchen & Food Service Equipment, Food & Beverages, Housekeeping Supplies & Services, Fitness & Leisure, Environment & Waste Management, Gardening & Landscaping, Security & Safety Systems, Air Conditioning Systems, POS/Cashier Software Systems, Swimming Pools, F&B Management System, Cleaning Equipment & Supplies.

### Visitor Profile:

Hotel & Resorts Owners/General Managers/F & B Managers/Housekeeping/Tourism Industry Professionals/Wholesalers/Supermarkets/Bakers and Confectioners/Business Institution/-Food Manufacturers and Processors/Restaurants, and Fast Food Outlets/Department Stores, Retailers/Trade and Food Processing Manufacturers/Beverage Productions/Dairies/Bakery Owners/Refrigeration / Government agents & officials.

# Rice & GrainTech <sup>SM</sup>

## KERALA

### Kerala's Premier Event for Rice & Grain Sector

Rice & GrainTech Kerala 2025 is being organized from May 7-9, 2025 at CIAL Exhibition Centre, Cochin, India. The event will be held concurrently with FoodTech Kerala and will showcase the technology developments in the Rice & Grain sector and will bring together technology and suppliers, entrepreneurs and support services on a single platform. The latest technology and equipment for the processing of a wide range of rice will be on display.

Rice & Grain Tech 2025 will showcase the following products including:

- \* Rice Mill Machinery
- \* Dall, Pulses & Oil Seeds Processing Machinery
- \* Seed Dryer & Pre-Processing Machines
- \* Color Sorter Machine, Polishing Machine
- \* Conveying Machinery
- \* Hoister, Silos & Warehouse Inspection Machinery
- \* Rice Bran Oil Machinery & Technology
- \* Paddy Parboiling, Dryer Plants

RGT 2025 will be of great help for the healthy and sustainable development of the whole chains of rice

industry, promoting rice brands, improving mechanization level, showing brands, expanding sales channels & exchange of technology, driving the Kerala rice industry to a sustainable development stage.

During this B2B exhibition, companies will showcase the new technology and products of rice cultivation, harvesting, processing and selling. RGT 2025 offers a unique opportunity to penetrate this expanding market in Kerala.

RGT Kerala 2025 provides manufacturers with a personal and direct way to do business and meeting with the targeted buyers all in one place at the same time. The expo will deliver a highly cost-effective face-to-face sales and marketing platform that create values for each and every customer. During this expo, exhibitors also get the golden opportunity to meet prominent rice millers from South India.

An industry-leader in designing and building rugged vertical/Horizontal / Pick fill and seal machines. Smart Pac understands that equipment efficiency and simplicity are the key factors. We offer a complete line of vertical / Horizontal / Pick fill and seal machines for food and non-food industry. Each and every machine is customized to your specific requirement. The Machine has the facility to provide a wide variety of filling heads. The SPEG Pouch machines have the versatility to work with many different styles of pre-made pouches. Our quick adjustment system makes work much easier and allows you to save time. It enables you to system makes work much easier and allows you to save time. It enables you to change bag sizes in a matter of minutes and to reproduce this setting whenever needed. This is the perfect solution when you have multiple pouches to run. Save Recipes on the touch screen.

## ECONOMIC PICK FILL SEAL MACHINE Pouch Pick Fill and Seal Machine

Machine	SPCPFS700
Nominal Speed	Upto 20ppm
Connect Load	3kw, 415V 3Ph, 50Hz
Machine Construction	MS/SS & Contact Parts are in SS316
Bag Width Size (mm)	60 - 210mm
Bag Height Size (mm)	50 - 300mm
Fill Volume	Upto 1Kg
Packaging Material	All heat sealable Laminates
Air Consumption	6 Bar

### Pouch Loading

The process starts with up to 5 empty pouches being placed into the adjustable cartridge. Bags can be loaded while the machine is in operation.

### Pouch Opening

Pouches are individually removed from the cartridge with a unique combination of vacuum and pneumatic actuators. They are rotated to the fill area and opened. Multiple bag detection switches are used at various points in the cycle to ensure correct bag placement and full bag opening. Should a reject bag be detected it is ejected from the machine and the process continues. Rejected bag's can be inspected by the operator and re-used if good.
